

PAY \$6000 RANSOM FOR RELEASE OF AMERICAN AND SWISS MINERS

Bandits Set Free Another Swiss and a British Subject; Capture Victims by Holding Up Train East of Chihuahua City; Take Payroll of Buena Tierra Mines; American Consul Sends Report to Washington.

A RANSOM of \$6000 in gold has just been paid for the release of two men, one of them an American, captured early Saturday by Mexicans east of Chihuahua, according to reports from that city that have reached El Paso.

The two men, named Dr. J. M. Smith, company physician for the Potol Mining company, an American citizen, and E. Munson, said to be a subject of Sweden. Along with the men, two others are said to have been captured at the same time. They are Paul Steger, a Swiss citizen and superintendent of the Minerales and Metals company properties near Santa Eulalia, and William Durely, a British subject. These two men were released when their nationalities were revealed, and the other two men held, both of whom, it is said, were believed by the Mexicans to be Americans.

The capture occurred when two armed Mexicans held up and robbed a mining company train on which the men were passengers and took from it the payroll of the Buena Tierra mines. The holdup took place Saturday morning at Robinson station, six miles east of Chihuahua City and six miles west of the town of Santa Eulalia. Munson, one of the captured men, was permitted to return to the mining camp with the demand for the ransom, which was paid. The identity of the bandits is not known. Col. Sebastian Alende dispatched four troops of Mexican cavalry after them. It is said, but they returned empty handed. An official report of the capture and ransom paid for Dr. Smith has been made to the state department in Washington by the American consul in Chihuahua City.

Government Cancels All Special Rates On Railroads of Mexico

The department of communications and public works of Mexico has cancelled all special rates on the railways of Mexico, which have hitherto been granted to manufacturing industries in the republic. L. Valdez, general freight and passenger agent of the National Railways of Mexico and allied lines, was visited by a special committee of the American Chamber of Commerce of Mexico, and informed the chamber through this committee, that his department has until September 15, cancelled all special rates. Mr. Valdez asked this chamber to obtain from any of its members who believe they can offer good reasons for the reinstatement of any of these special rates, the necessary data for his consideration. In so doing, the committee of the chamber members are asked to file their statements with the chamber not later than September 25.

North Lower California Closed to Immigration By Chinese and Japanese

Calexico, Calif., Sept. 15.—The northern district of Lower California was closed to further immigration by "Japanese, Chinese and Asiatics." In an order issued Sunday by governor Stebbins, the order is to be effective until the Mexican federal congress takes action on the question of immigration. The order declares that although members of the excluded races have contributed to the wealth and development of Lower California, Gen. Stebbins considers it to the interest of the Mexicans to prevent their further entry into the northern district pending legislation by the national congress.

American Airplane Of Kidnaped Aviators To Be Returned By Mexico

Chihuahua, Mexico, Sept. 15.—A cavalry force has been sent from this city towards Ciudad Juarez on the Concho river, between Ojinaga and Chihuahua, to bring the airplane left there by the kidnaped aviators who had been taken to a ravine and that a machine gun with some ammunition is also there. As soon as the airplane and machine gun arrive here, undoubtedly they will be returned to the United States government. The last time, the third, that a pair of American flying machines came over Chihuahua, about a week ago, they were looking for the lost airplane, but could not discover it, and

Mexican Troops Pursue Captors Of Doctor Smith

Ransom Paid, but No Information Here of American's Release.

Washington, D. C., Sept. 15.—Three Mexican cavalry detachments, official advice today said, are pursuing the band of ten bandits which took Dr. J. W. Smith, an American physician, and three other men from a train near Santa Eulalia on Saturday and held them for ransom. Payment of the ransom and release of the hostages were reported last night. The American embassy at Mexico City reports it is keeping in touch with the situation.

American mining men here and American consul A. E. Dow, of Juarez, received no information Monday of the release of Dr. J. W. Smith, an American physician held for \$6000 ransom near Santa Eulalia, Chih. The ransom money was delivered to E. Munson, or Munson, as the American consular reports spell his name, who was also made a prisoner by the Mexicans and released with the demand for the ransom. Munson, or Munson, is reported to be a subject of Sweden. Dr. Smith was expected to be released late Sunday and to reach Santa Eulalia Sunday night, according to reports from Chihuahua City. The American was physician and surgeon for the Potol Mining company at Santa Eulalia and Munson, or Munson, is employed in the Santa Eulalia district mines. William Durely, a British subject, and Paul Steger, a Swiss citizen, were also made prisoners, but later released Saturday morning when the train from Chihuahua City to Santa Eulalia, 18 miles distant, was held up by ten armed Mexicans. The payroll of the Buena Tierra mine taken and the four made prisoners.

Dr. J. W. Smith, who was held for ransom by Mexicans east of Chihuahua, was reported by Dr. Carl E. Dow, 305 East Rio Grande street, El Paso. The El Paso Dr. Smith said Monday he expected to hear from his brother as soon as he, the captured man, returned to Chihuahua. Dr. Smith said that accompanied by William J. Quigley, president and Albert L. Eaton, superintendent of the Potol Mining company, both of whom live here, he went to Juarez Sunday and called on Chihuahua over the telephone and learned that J. Munson, the Swede, had not delivered it yet, probably for the reason that the bandits who captured the physician had been chased into the hills and had not been overtaken. Dr. Smith wired congressman C. B. Hays as soon as he learned of his brother's capture and says he received a wire in return stating that the matter had been referred to the state department and assuring that prompt action would be taken in the case. Mr. Eaton, superintendent of the Potol Mining company, said Monday ransom had been delivered so far as he knew.

Durango Again Quiet After Rebel Defeat

Late authentic reports from Durango, Mexico, confirm previous ones that the rebels were defeated by the federal forces near the place and driven back for quite a long distance. The rebels did not get into that state capital and the Americans who had gone out westward in anticipation of a possible rebel victory returned to that city. They are reported as safe and that Durango is quiet again. The fight near Durango was reported as having taken place on Sept. 2.

DOHENY IS ALLEGED CHIEF OF OIL INTERVENTIONISTS

(Continued From Page 1) men who he said, were in "the plot" to force American intervention in Mexico. Among them were C. H. Boynton and other members of the Association for the Protection of American Rights in Mexico.

COLONEL HOUSE HELPS TO DRAFT FORM OF MANDATES

Paris, France, Sept. 15.—The length of time which Col. E. M. House, of the American peace mission, will remain in Paris is uncertain. It was stated officially by the American delegation today. During the month of July and August, Col. House was in London as a member of the committee appointed by the council of heads of states to draft the terms of a proposed peace treaty. The committee has been engaged in drawing up documents which will be the basis of the trusteeship, which shall prevail for the areas under mandate. Its work does not relate the allotment of these territories to the various countries for administration. The final meeting probably will be held in London in a few days, after standing questions. The date of this meeting will depend upon the disposition of other matters having priority.

"IMPEACH WILSON," SHOUT SENATOR JOHNSON'S HEARERS

(Continued from page two) American people since the civil war. He described the league covenant as an "infamous zootism" which the president Wilson will cure over. "President Wilson went to Paris with certain idealistic principles, but came home without any of them," said the senator. "We say to Mr. Wilson," senator Johnson added, "make any secret treaties you desire, but you can't guarantee them with the blood of American boys."

NEW SURGEON FOR EL PASO DISTRICT COMES TO FT. BLISS

Col. Frank W. Wood, who has just returned from overseas, where he was on the staff of the chief surgeon of the A. E. F., arrived in El Paso Monday to take up his duties as district surgeon. He succeeds Col. James S. Wilson, who is away on a leave of absence. Col. Wilson has been ordered to report for duty at the port of embarkation at Hoboken, New Jersey.

KOLCHAK KEEPS UP DRIVE: PIERCES BOLSHEVIST FRONT

London, Eng., Sept. 15.—Admiral Kolchak, in pursuing his offensive against the Bolsheviki, has broken their front in three places, according to official information reaching here today. The progress of the all-Russian counter movement, it is stated, threatens to outflank the Bolsheviki forces advancing from Tobolsk.

JOHNSON AND BORAH WILL SPEAK IN DES MOINES, IA.

Des Moines, Ia., Sept. 15.—Senator Hiram W. Johnson, of California, and senator William Borah, of Idaho, are here to make addresses tonight in opposition to the ratification of the

U. S. INSPECTOR BARRE INJURED

H. A. Carnes Beaten Over Head With Revolver; Assaultant Makes Escape.

H. A. Carnes, United States customs inspector at Taleta, was seriously wounded Sunday afternoon when he was attacked by a Mexican whom he had arrested. The Mexican, accompanied by a woman, was attempting to cross into the United States when taken into custody by inspector Carnes. Quick thinking on the part of Mr. Carnes when he discharged the cartridges in his pistol, probably saved the inspector's life, for the Mexican succeeded in wrenching the revolver from Carnes' hand during the struggle and would no doubt have shot the inspector had the weapon remained loaded.

While the name of the Mexican has not been disclosed, it is announced that he is known to be a bad character and is wanted on the river banks and the Mexican also recognized him as a federal official. The Mexican dashed across the river following the attack and disappeared in the darkness. Inspector Carnes was wounded on the head by the revolver held in the hand of his assailant. He will recover.

Ninety-Six Arraigned On Charge of Violating Traffic Ordinances

As a part of the continued campaign of the police against all traffic violators, 96 persons were held before Judge Charles Pollock in corporation court Saturday afternoon. First offenders were released with a warning, part of the offenders paid fines and the hearings of the rest are to be held this week.

Automobiles May Be Guilty of Smuggling

El Paso garages probably will be tightly looked in the future as they are the interpretation of a federal anti-smuggling law to apply to the automobile as well as to the ship. When a car is used for bringing booze into this country from Mexico.

Recently a car was taken from a public garage and 174 pints of booze were brought from Juarez in a false tank on the car. The car is forfeit. Mr. Frey has ruled that a car should not be kept by the government whether its owners are innocent. The owners, however, may appear in court and show that the car should not be kept by the government.

EMBARGO ON EXPRESS AND FREIGHT TO OIL FIELDS

The following telegram from superintendent O. V. Reed of the American Railway Express company, Fort Worth, concerning an embargo against shipment of certain classes of express shipments for Ranger, Eastland and Strawn, Texas, has been received by the El Paso chamber of commerce.

"Have embargo from all points to Ranger, Eastland and Strawn on all shipments of oil, oil products, kerosene, drugs, laundry, perishables and carload shipments that will be unloaded at any of the above points. When this embargo will be lifted."

The Texas and Pacific has placed an embargo against less than carload shipments of second hand household goods, except when such shipments, at the same time, are tendered for transportation, are accompanied by a permit from the chamber of commerce.

BAPTISTS WILL MEET HERE FOR 18TH ANNUAL CONVENTION

The 18th annual session of the El Paso Baptist association will meet Wednesday morning at 10 o'clock at the Central Baptist church. Representatives are expected from the following churches: First Baptist, Government Hill, and First Mexican Baptist church of this city; Alpine, Carlsbad, Marathon, Sierra Blanca, Clint, Fort Davis and Valentine Baptist churches.

PAY INCOME TAX INSTANTLY TODAY TO AVOID A PENALTY

Shields, deputy in charge of the El Paso division for income tax collection, will keep his office open until 10 o'clock tonight to give the public a longer time to pay the third income tax installment for 1918. Mr. Shields' office is in room of city building. If installments are not paid today a penalty of five percent of the amount due will be assessed, plus one percent a month.

FIRST RECRUIT JOINS JUNIORS OF CHAMBER OF COMMERCE

The first young man to join the junior division of the chamber of commerce is William E. Ellis, 1006 Broadway. Burton Bunch, director of the division's membership campaign, said Monday that he had before the high school boys again Monday and urged them to take out membership so that they might acquire wider knowledge of the commercial activities of this community and get a preparatory training of business.

LEOPARD CANNOT CHANGE SPOTS

Mr. Dodson, the "Liver Tone" Man, Tells the Treachery of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury, quicksilver. Calomel is dangerous. It crabbles into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system. When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone. It is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to strengthen your liver without stirring you up inside and cannot salivate. Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which strengthens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.—Adv.

THE STORE THAT SELLS FOR LESS.

—in all their glory of weave, and beautiful shades and colorful combinations that fairly teem with autumnal splendor

—the new dress woollens and silks are here for the woman who truly appreciates wonderful fabrics

—and while the weaves are of the finest quality, the prices are much lower than we expected to see fine woollens and silks sell for this Fall and Winter

—and there's advantage in buying now as many of the dress fabrics cannot be replaced at any price—an acute mill shortage now exists—

Thousands View Bodies of Unnaturalized Mexicans Lynched at Pueblo, Colo.

Pueblo, Colo., Sept. 15.—Efforts of the authorities have failed to develop any clue to the identity of members of the mob that lynched Jose Gonzales and Salvadore Ortiz, Saturday night.

There is no excitement whatever following the lynching, the only interest shown being by thousands of people who viewed the bodies of the victims at the morgue.

Gonzales and Ortiz, when examined by the police Saturday, declared that they were natives of Mexico and that they had never applied for citizenship papers in the United States.

The Mexicans were accused of the murder of patrolman Jeff Evans Saturday. They were hanging from the girders of the West Fourth street bridge.

People Incited, Says Shoup. Colorado Springs, Colo., Sept. 15.—Gov. Shoup issued a statement last night in which he attributed the lynching of Gonzales and Ortiz at Pueblo, in part to a "campaign in that city to incite the people to just vengeance."

"Propaganda for mob violence," the governor added, "is a dangerous expedient and those guilty cannot escape their share of responsibility."

STREET CARS RUNNING OVER NEW LINE TO HIGH SCHOOL

Street cars began operation Monday morning over the new line to the high school. The street car company is trying out a schedule which provides for cars leaving San Jacinto plaza at 7:30 each morning and every ten minutes thereafter until 8:30 a. m. cars will be taken over the line at the high school and return to the plaza at 2 p. m., operating each ten minutes thereafter until 7:30 o'clock.

On nights when there is night school in progress at the high school, cars will be run, but the schedule has not been made. It was also announced by the company that when special programs are given at the high school, extra cars will be put on the line, at night or any other hour, to accommodate the public.

FEDERAL AUTHORITIES HOLD ALLEGED DRUG LAW VIOLATORS

Ernesto Bauman and Carlos Nequeme were arraigned before United States commissioner A. J. W. Schmidt Saturday morning on charges of violating federal narcotic laws. The bond of Bauman was set at \$2000 and that of Nequeme at \$1500.

Customs officials seized an automobile at the Stanton street bridge Sunday night in which was found three bottles of morphine. Four Americans who were riding in the car, are being held for investigation.

A California woman obtained a divorce on the testimony that her husband bought her only two dresses in 15 years.
